

TRANSFORM EDUCATION IN SOUTH AFRICA YOUR GUIDE TO WORKING WITH QUALIBOOKS

A Strategic Approach to Corporate Social Responsibility and B-BBEE Compliance

Qualibooks is dedicated to fostering a culture of reading among South Africa's youth by establishing both physical and digital library spaces. Our mission is not just about creating libraries; it's about building the foundations of lifelong learning and contributing to the nation's growth. Here's how your company can be a part of this transformative journey.

Why Invest in Education?

Investing in education is not just a moral imperative but a strategic business decision. It enhances your company's reputation, contributes to community development, and aligns with the goals of Broad-Based Black Economic Empowerment (B-BBEE). By working with Qualibooks, you're not only enriching lives but also fortifying your business against future challenges.

The Qualibooks Solution: A Step-by-Step Guide

1. Identify Your Company's Needs

Assess your B-BBEE scorecard requirements and Corporate Social Investment (CSI) objectives: Supplier Development (SD), Enterprise Development (ED) and Socio-Economic Development (SED).

2. Choose a Solution Model

Sponsor a mobile library or an eLibrary subscription, tailored to your company's capacity and goals.

3. Implementation

Qualibooks works with you to integrate our solutions into your business strategy seamlessly.

4. Tangible Impact

Our solutions provide immediate benefits to communities and schools, enhancing literacy and education.

Engagement with B-BBEE Consultants

Qualibooks has been working with B-BBEE consultants since 2010. Qualibooks has created a seamless process in providing a turnkey solution for corporate entities wanting to make a difference in the lives of South Africa's children as well as small business enterprises, via the Supplier Development (SD), Enterprise Development (ED) and Socio-economic Development (SED) funding avenues.

By engaging with Qualibooks, B-BBEE specialists can now enter a mutually beneficial relationship whereby their clients receive favourable results with the B-BBEE scorecard, and earn attractive commission in the process.

Section 18A Tax Certificate

One of the key advantages of working with Qualibooks is the benefit of obtaining a Section 18A certificate. This applies to Socio-Economic Development (SED) transactions. Here's how it works:

- **Make a Qualifying Contribution**

A monetary donation to Qualibooks' preferred Public Benefit Organisation (PBO), will qualify the client for a Section 18A certificate, provided it adheres to the legal stipulations.

- **Documentation and Compliance**

Qualibooks manages all the necessary paperwork and ensures full compliance with tax laws, working closely with their preferred PBO partner.

- **Receive Your Certificate**

Upon successful processing, your company will receive a Section 18A certificate, which allows for tax deductions in line with your contribution.

Why Choose Qualibooks?

- **Over 30 Years of Experience**

We have extensive expertise in both education and corporate partnerships.

- **Turnkey Solutions**

From planning to execution, we offer comprehensive support throughout the partnership.

- **Commitment to Growth**

Our relationships are designed to be mutually beneficial, ensuring long-term sustainability and impact.

Conclusion

Working with Qualibooks is more than fulfilling corporate obligations; it's about actively participating in the shaping of South Africa's future.

By investing in education, your company plays a pivotal role in nurturing a knowledgeable, prosperous society.

Connect with us to embark on this rewarding journey together.
